

TO OUR VALUED GUESTS,

Our guests have always been our top priority in our restaurants and our entire team do their best to provide quality food, friendly service and a clean and inviting restaurant every day.

We are closely watching the evolving Coronavirus (COVID-19) situation and taking the appropriate actions for our business. Over the last weeks, we have escalated the cleaning, sanitizing and disinfecting of our facilities and have provided our in-restaurant teams with added procedures and precautions to serve our guests as safely as possible. We will continue to evaluate our operating procedures and adjust accordingly. We have also prepared our stores to respond quickly to any emerging situation, in proactive partnership with local and national health authorities.

Thank you again for being a valued guest. We will continue to monitor the situation across our system and provide the latest information, so you feel confident visiting us. We will also continue to provide the highest level of service and let our “star shine” for you each day!

**THANK YOU FOR BEING
A LOYAL CARL'S® GUEST!**
